Subject: John Berrett Case Documents Requested through Subpoena

Hal,

After our telephone conversation you requested a brief explanation of why we believe the documents we subpoenaed to WWT were necessary for my client's defense. We believe the documents we subpoenaed from WWT contains exculpatory evidence to support our theory of the case and also our defenses. Furthermore, I had a telephone conversation with WWT's in-house general counsel, Erika Schenk prior to sending out the subpoena and she informed me that WWT performed an "internal scrub" and employees were terminated after this "internal scrub". We believe this provides confirmation that exculpatory material exists within the documents held by WWT.

Thank you for your time and I hope to hear from you soon so we can move forward with the documents we subpoenaed.
